TO: The Individuals Responsible for Notifying the Membership of the Organization of Regulatory Reporting Requirements

SUBJECT: Aggregate Holdings of Long-Term Securities by U.S. and Foreign Residents ("TIC SLT") and of the TIC SLT Training Seminar

This is in reference to the letter dated August 20, 2010 and sent to your organization concerning the Aggregate Holdings of Long-Term Securities by U.S. and Foreign Residents ("TIC SLT") report. The TIC SLT report form and instructions are currently undergoing the approval process of the OMB. The proposal calls for the SLT form and instructions to become effective as of June 30, 2011 and thereafter. In anticipation of OMB approval, this letter is to announce the training seminar for the TIC SLT. Under the International Investment and Trade in Services Survey Act (22 U.S.C. § 286f; 22 U.S.C. § 3103; E.O. 11961; E.O. 10033; 31 C.F.R. § 128.1(a)), members of your organization may be required to submit TIC SLT. The TIC SLT will be collected on behalf of the U.S. Treasury and will be mandatory, if a member of your organization meets the reporting requirements. The data will be used by the U.S. Government in the formulation of U.S. international financial and monetary policies and for the preparation of the U.S. balance of payments accounts and the U.S. international investment position.

Institutions required to file the TIC SLT are U.S.-resident custodians, U.S.-resident issuers of long-term securities, and U.S.-resident end-investors in long-term foreign securities (including endowments, foundations, pension funds, mutual funds, and other investment managers/advisors/sponsors). U.S.-resident holders, both banking and non-banking institutions, of foreign portfolio equity and/or debt may be required to report. Reporters should file one consolidated report for all U.S.-resident parts of their organizations. The consolidated reporting threshold is a U.S. market value of \$1 billion or more in long-term portfolio securities, in the aggregate as issuer, end-investor, and custodian.

Your organization will receive notification when the OMB approves the report.

Data Submission

The TIC SLT collects positions data as of the last business day of a month and is due to the Federal Reserve Bank no later than the 23rd calendar day, or the first business day after the

23rd calendar day, of the month following the report as-of-date. Once the reporting threshold is met, the requirement to file continues for the remainder of the calendar year.

In 2011, the TIC SLT will be required to be submitted quarterly as of June 30, September 30, and December 30, with the mandatory monthly reporting on the TIC SLT beginning with the report as of January 31, 2012.

The first TIC SLT, with data as of the close of business June 30, 2011, is due on July 25, 2011.

Reporter Identification Number

If a member of your organization meets the reporting requirements and does not already file the Report of U.S. Ownership of Foreign Securities, including Selected Money Market Instruments, as of December 31 (SHC(A)) or the Report of Foreign-Residents' Holdings of U.S. Securities, including Selected Money Market Instruments, as of June 30 (SHL(A)), your member should contact the Securities Reports Division of the Federal Reserve Bank of New York for a reporter identification number ("RSSD ID").
