

hinder a claimant from requesting compensation on or before March 31, 1998.

(b) *Flour millers.* Flour millers who, in accordance with a compliance agreement with APHIS, heat-treat millfeed made from wheat produced in regulated areas that require such treatment are eligible to be compensated at the rate of \$35.00 per short ton of millfeed. The amount of millfeed compensated will be calculated by multiplying the weight of wheat from the regulated area received by the miller by 25 percent (the average percent of millfeed derived from a short ton of grain). Compensation payments will be issued by APHIS. To claim compensation, the miller must submit to an inspector verification as to the actual (not estimated) weight of the wheat (such as a copy of the limited permit under which the wheat was moved to the mill or a copy of the bill of lading for the wheat, if the actual weight appears on those documents, or other verification). Flour millers must also submit verification that the millfeed was heat treated (such as a copy of the limited permit under which the wheat was moved to a treatment facility and a copy of the bill of lading accompanying that movement; or a copy of PPQ Form 700 (which includes certification of processing) signed by the inspector who monitors the mill). Claims for compensation must be received by APHIS on or before March 31, 1998. The Administrator may extend this deadline, upon written request in specific cases, when unusual and unforeseen circumstances occur which prevent or hinder a claimant from requesting compensation on or before March 31, 1998.

(c) *National Karnal Bunt Survey participants.* If a grain storage facility participating in the National Karnal Bunt Survey tests positive for Karnal bunt, the facility will be regulated, and may be ordered decontaminated, pursuant to an Emergency Action Notification (PPQ Form 523) issued by an inspector. If the Secretary has declared an extraordinary emergency in the State in which the grain storage facility is located, the owner will be eligible for compensation as follows:

(1) *Loss in value of positive wheat.* The owner of the grain storage facility will be compensated for the loss in value of positive wheat. Compensation will equal the estimated market price for the relevant class of wheat minus the actual price received for the wheat. The estimated market price will be calculated by APHIS for each class of wheat, taking into account the prices offered by relevant terminal markets

(animal feed, milling, or export) during the relevant time period for that facility, with adjustments for transportation and other handling costs. However, compensation will not exceed \$1.80 per bushel under any circumstances. Compensation payments for loss in value of wheat will be issued by the Farm Service Agency (FSA). To claim compensation, the owner of the facility must submit to the local FSA office a Karnal Bunt Compensation Claim form, provided by FSA. The owner of the facility must also submit to FSA a copy of the Emergency Action Notification under which the facility is or was quarantined; verification as to the actual (not estimated) weight of the wheat (such as a copy of the limited permit under which the wheat was moved to a mill or a copy of the bill of lading for the wheat, if the actual weight appears on those documents, or other verification); and a copy of the receipt for the final sale of the wheat, showing the total bushels sold and the total price received by the owner of the grain storage facility. Claims for compensation must be received by FSA on or before March 31, 1998. The Administrator may extend this deadline, upon request in specific cases, when unusual and unforeseen circumstances occur which prevent or hinder a claimant from requesting compensation on or before March 31, 1998.

(2) *Decontamination of grain storage facilities.* The owner of the facility will be compensated on a one time only basis for each grain storage facility for each covered crop year wheat for the direct costs of decontamination of the facility at the same rate described under paragraph (a) of this section (up to 50 percent of the direct costs of decontamination, not to exceed \$20,000 per grain storage facility). Compensation payments for decontamination of grain storage facilities will be issued by APHIS, and claims for compensation must be submitted in accordance with the provisions in paragraph (a) of this section. Claims for compensation must be received by APHIS on or before March 31, 1998. The Administrator may extend this deadline, upon request in specific cases, when unusual and unforeseen circumstances occur which prevent or hinder a claimant from requesting compensation on or before March 31, 1998.

Done in Washington, DC, this 3rd day of July 1997.

SUPPLEMENTARY INFORMATION:

I. Background

Regulation B, which implements the Equal Credit Opportunity Act, requires creditors to provide a consumer with a notice of action taken if an application for credit is denied, an account is terminated, or the terms of an account are unfavorably changed. The Fair Credit Reporting Act (FCRA) (15 U.S.C. 1681a), requires creditors that take adverse action against a consumer, such as denying an application for credit, to

provide a consumer with certain disclosures if the action is based on information provided by a third party or a consumer reporting agency. The required FCRA disclosures include, for example, the name and address of the consumer reporting agency that supplied the information. For information obtained from a third party, the required disclosure includes a statement that the consumer has the right to request the reason for the denial within sixty days. Creditors have the option of including the FCRA disclosures with the notice of action taken required under Regulation B; Appendix C to Regulation B provides model forms that combine the current FCRA and ECOA disclosures.

The Economic Growth and Regulatory Paperwork Reduction Act of 1996 (Pub. L. 104-208, 110 Stat. 3009) made extensive changes to the FCRA. Among other changes, the amendments require that additional disclosures be given to consumers who are denied credit based on information from an affiliate or from a consumer reporting agency. The disclosure requirements for information from a third party are not affected.

The Board is proposing changes to the FCRA portion of Regulation B's model forms C-1 through C-5 and to the general instructions for these forms. The forms include language that may be used when credit is denied based on information obtained from a consumer reporting agency, from a third party other than a consumer reporting agency, or from an affiliate. The Board anticipates adopting final amended model forms prior to the effective date of the FCRA amendments (September 30, 1997) to ease compliance for creditors that choose to use the forms.

II. New Model Language

When adverse action is taken against a consumer based on information from a consumer reporting agency, section 615(a) of the FCRA now requires the following additional disclosures: a telephone number for the consumer reporting agency (toll-free if the agency compiles and maintains files on consumers nationwide); a statement that the consumer reporting agency did not make the decision to take the adverse action, and cannot state the reason why the adverse action was taken; the consumer's right to a free copy of the credit report from the consumer reporting agency, if the request is made within 60 days of receipt of the adverse action notice; and the consumer's right to dispute with the consumer reporting agency the accuracy or completeness of the credit report.

When the adverse action is based on a consumer report obtained from an affiliate, the Board believes that the creditor must provide the same disclosures as would be required if the report had come directly from the consumer reporting agency. Interpreting the statute otherwise would produce a result that does not appear to be consistent with the purposes of the law, by allowing creditors who could get consumer reports from affiliates rather than consumer reporting agencies to avoid giving consumers the FCRA disclosures and rights. This interpretation is reflected in the instructions to the model forms in Appendix C to Regulation B. The Board solicits comment on this approach.

Creditors are not required to provide the consumer with any FCRA disclosures when the adverse action is based on a creditor's own experience. The amendments expand that exemption so that a creditor does not have to provide any FCRA disclosures if the adverse action taken against the consumer is based on the transactional experience of the creditor's affiliate. In the case of information obtained from an affiliate (other than a credit report or the affiliate's own transactional experience), the amendments require the creditor to give the consumer a disclosure that is substantially similar to the one currently required for information obtained from third parties. The proposed modifications to the Appendix C instructions, and model forms C-1 through C-5 of Regulation B reflect these changes.

In the case of information from an affiliate that is neither a consumer report nor the affiliate's own transactional experience, the Board is proposing to allow creditors to use the current third party notice, as amended. See model form C-1. There is a difference, however, in the timing provisions of section 615(b)(1) (third-party notice) and section 615(b)(2) (affiliate notice). Under the third-party provision, the request must be submitted to the creditor within 60 days after the consumer learns of the action. Under the affiliate provision, the request must be submitted within 60 days after the "transmittal of the notice."

To ease compliance for creditors and provide a more understandable time frame for consumers, the Board proposes that Regulation B's existing model language for information from a third party also be used for information from an affiliate. The language, which appears in model form C-1, states that the consumer has 60 days from receipt of the notice to submit a request to the creditor. The Board believes that

relatively few transactions will require the affiliate notice; thus, it will be less burdensome for creditors to use the existing third-party notice rather than a separate notice for affiliate transactions. The Board solicits comment on whether the third-party notice is adequate or if model language for adverse action taken by affiliates would be desirable.

III. Section-by-Section Analysis

In Appendix C, the second paragraph would be amended by adding two sentences to the end of the paragraph explaining the FCRA disclosure requirements for information obtained from an affiliate.

Model Form C-1

Sample Notice of Action Taken and Statement of Reasons would be amended in Part II by adding at the end of the first paragraph the FCRA disclosures notifying the consumer of the right to request a copy of the consumer report, and the right to dispute the accuracy of the report with the reporting agency (collectively, the dispute disclosure). In addition, the words toll-free would be put in brackets before the reporting agency's telephone number. A reference to an affiliate would be added in the second paragraph.

Model Form C-2

Sample Notice of Action Taken and Statement of Reasons would be amended by adding to the first sentence in the second paragraph the words toll-free in brackets before the reporting agency's telephone number. The dispute disclosure would be inserted before the last sentence.

Model Form C-3

Sample Notice of Action Taken and Statement of Reasons (Credit Scoring) would be amended by adding to the third sentence in the fourth paragraph the words toll-free in brackets before the reporting agency's telephone number. The dispute disclosure would be added at the end of the paragraph.

Model Form C-4

Sample Notice of Action Taken and Statement of Reasons, and Counteroffer would be amended by adding to the first sentence in the third paragraph the words toll-free in brackets before the reporting agency's telephone number. At the end of the paragraph the disclosure stating that the reporting agency played no part in the decision would be added along with the dispute disclosure.

Model Form C-5

Sample Disclosure of Right to Request Specific Reasons for Credit Denial would be amended by adding to the first sentence in the fourth paragraph the words toll-free in brackets before the reporting agency's telephone number. At the end of the paragraph the disclosure stating that the reporting agency played no part in the decision, and the consumer has a right under the FCRA to know the information in the credit file, would be added along with the dispute disclosure.

IV. Form of Comment Letters

Comment letters should refer to Docket No. R-0978, and, when possible, should use a standard Courier typeface with a type size of 10 or 12 characters per inch. This will enable the Board to convert the text in machine-readable form through electronic scanning, and will facilitate automated retrieval of comments for review. Also, if accompanied by an original document in paper form, comments may be submitted on 3½ inch or 5¼ inch computer diskettes in any IBM-compatible DOS-based format.

V. Regulatory Flexibility Analysis

In accordance with section 3(a) of the Regulatory Flexibility Act (5 U.S.C. 603), the Board's Office of the Secretary has reviewed the proposed amendments to Regulation B. The amendments, which provide model language to facilitate compliance, are not expected to have a significant impact on small entities. A final regulatory flexibility analysis will be conducted after consideration of comments received during the public comment period.

VI. Paperwork Reduction Act

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506), the Board has reviewed the proposed rule under authority delegated to the Board by the Office of Management and Budget (OMB). 5 CFR part 1320, Appendix A.1.

The revised collection of information requirements in the proposed revised regulation are found in Appendix C to 12 CFR part 202. The purpose of the disclosures proposed to be revised is to provide consumers whose application for credit has been denied with the reasons for that action and with information about their rights if information from a third party was used in making the decision. The respondents and/or recordkeepers are all for-profit financial institutions, including small businesses, that regularly extend credit or participate in

the decision of whether or not to extend credit.

Under the Paperwork Reduction Act the Board accounts for the associated paperwork burden only for state member banks. Any estimates of paperwork burden for other financial institutions would be provided by the federal agency or agencies that supervise those lenders. The estimated average frequency of response for Regulation B disclosures is 4,765 per state member bank each year and the current estimated burden ranges from fifteen seconds to five minutes per response. The current combined annual burden for all state member banks under Regulation B is estimated to be 129,015 hours. The burden per response for any of the five disclosures proposed to be revised is estimated to be two and one-half minutes, on average. As the revisions are minor, this amount is not expected to change. There is estimated to be no annual cost burden over the annual hour burden. The start-up cost for modifying state member banks' current templates to conform to the revised models is estimated to be approximately \$100,000 across all 1,005 state member banks.

Comments are invited on: (a) Whether the proposed revised collection of information is necessary for the proper performance of the Federal Reserve's functions, including whether the information has practical utility; (b) the accuracy of the Federal Reserve's estimate of the burden of the proposed revised information collection, including the cost of compliance; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of information collection on respondents, including through the use of automated collection techniques or other forms of information technology. Comments on the collection or disclosure of information associated with this regulation should be sent to Mary M. McLaughlin, Chief, Financial Reports Section, Division of Research and Statistics, Mail Stop 97, Board of Governors of the Federal Reserve System, Washington, DC 20551, with copies of such comments sent to the Office of Management and Budget, Paperwork Reduction Project (7100-0201), Washington, DC 20503.

The disclosures under Regulation B are mandatory. Since the Federal Reserve does not collect any information, no issue of confidentiality normally arises. An agency may not collect or sponsor the collection or disclosure of information, and an organization is not required to collect or disclose information unless a currently

valid OMB control number is displayed. The OMB control number for Regulation B is 7100-0201.

Airworthiness Directives; de Havilland Model DHC-8-100, -200, and -300 Series Airplanes

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This document proposes the adoption of a new airworthiness directive (AD) that is applicable to certain de Havilland Model DHC-8-100, -200, and -300 series airplanes. This proposal would require modification of the flight compartment door. This proposal is prompted by a report that the door lock mechanism of the flight compartment door jammed and it could not be opened using the alternate release mechanism. The actions specified by the proposed AD are intended to prevent failure of the alternate release mechanism of the flight compartment door, which could delay or impede the evacuation of the flightcrew during an emergency. Such failure also could result in the flightcrew not being able to assist passengers in the event of an emergency.

DATES: Comments must be received by August 18, 1997.

ADDRESSES: Submit comments in triplicate to the Federal Aviation Administration (FAA), Transport Airplane Directorate, ANM-103, Attention: Rules Docket No. 97-NM-04-AD, 1601 Lind Avenue, SW., Renton, Washington 98055-4056. Comments may be inspected at this location between 9:00 a.m. and 3:00 p.m., Monday through Friday, except Federal holidays.

The service information referenced in the proposed rule may be obtained from Bombardier, Inc., Bombardier Regional Aircraft Division, Garratt Boulevard, Downsview, Ontario M3K 1Y5, Canada. This information may be examined at the FAA, Transport Airplane Directorate, 1601 Lind Avenue, SW., Renton, Washington; or at the FAA Engine and Propeller Directorate, New York Aircraft Certification Office, 10 Fifth Street, Third Floor, Valley Stream, New York 11581.
