The Banking Structure Division of the Statistics Function of the Federal Reserve Bank of New York is offering a half-day training seminar on the new report, the Report of Changes in Organizational Structure (FR Y-10), which will be effective June 30, 2007. The new FR Y-10 report combines the FR Y-10, FR Y-10F, FR Y-10S and the FR 2058 into one reporting form. This seminar is intended for staff responsible for the preparation and submission of the above-mentioned report and will provide attendees with information that should improve the quality of data contained in your organization's banking structure report submissions.

The training seminar will be offered on April 24, 2007 from 9:00 a.m. until 1:30 p.m. at the Federal Reserve Bank of New York, 33 Liberty Street, 12th Floor Conference Center and will also be available via Webcast. Please access the registration form available at the following website:
